

Baking Soda

The trusted Clabber Girl name is also available on baking soda. Our fine granular baking soda is made specifically for use in muffins, bars, brownies, doughnuts and quick breads.

Grade #2 (U.S.P. Fine Granular)

The narrow particle-sized distribution of Grade 2 facilitates rapid, uniform blending. This grade is recommended for those products where minimal leavening during mixing and holding is desired.

Federal Specifications

Clabber Girl Baking Soda meets or exceeds rigid government and industry standards. It bears a United States Pharmacopoeia (U.S.P.) designation and also meets the specifications of the Food Chemicals Codex, which sets the quality for chemicals used in the food industry. It meets the quality requirements imposed by Federal Specifications, EE-B-87c (October 3, 1972) and O-S-576f (August 3, 1974) and the Veterans Administration Standard Specification. It is also in the USDA List of Proprietary Substances and Nonfood Compounds, Publication No. 1419. Lastly, the Food and Drug Administration (FDA) classifies food-grade sodium bicarbonate as a substance "generally recognized as safe" (GRAS).
