

# Corn Starch

Forget lumpy gravy! Clabber Girl Cornstarch is made from low-moisture corn, and it keeps its low moisture content. As a result, soups, sauces, stews and gravies thicken up just right. Our resealable tubs help keep the moisture out, too, giving it even longer shelf life. Cooks will enjoy easier mixing and faster dissolving, putting them on their way to outstanding end results with their recipes. What's more, it's processed under Orthodox Union Kosher supervision, making it the best choice for use in even more kitchens.

## Storage

Our resealable plastic tubs keep moisture and odors out. For best results, however, it is still best to store this cornstarch in cool dry conditions: 50% relative humidity and 25°C. An odor-free environment is also recommended. Shelf life is 24 months.

## Features of Clabber Girl Corn Starch

- Controls moisture of other ingredients
- Anti-caking agent
- Free flowing
